PTR[™] BELL BOOTS

LEADING THE CHARGE IN
HOOF CARE

PREVENTATIVE. THERAPEUTIC. REGENERATIVE.

Gladiator Equine introduces the PTR[™] Bell Boots, a vital part of your horse's hoof care regime. These Bell Boots, blending protection and healing, utilize our exclusive SemiCera[®] technology. By harnessing your horse's body heat, they activate embedded ceramics, promoting rapid hoof growth and natural healing.

The SemiCera[®] technology has been clinically proven to regenerate and maintain healthy tissue

GLADIATOR EQUINE. PIONEERING HOOF HEALTH WITH EVERY STEP.

PREVENTATIVE CARE

Proactively nurturing hoof strength and combating hoof ailments, Gladiator Equine's PTR™ Bell Boots accelerate healthy hoof growth, preventing common hoof problems before they start. These boots are engineered to protect against injuries like overreaching and minimize the risk of cracks and splits, ensuring your horse's hooves stay healthy from the start.

THERAPEUTIC COMFORT

Integral to regular hoof care, the SemiCera® technology enhances circulation, reduces inflammation, and offers pain relief. Ideal for recovery from puncture wounds and bruises and managing conditions like laminitis and navicular disease.

REGENERATIVE POWER

Activating natural healing processes, the regenerative aspects of the Gladiator Equine PTR™ Bell Boots maintain and enhance hoof health over time, leading to stronger, healthier hooves and improved mobility and quality of life.

ADVANCED CARE, SIMPLIFIED.

Gladiator Equine PTR™ Bell Boots are designed for continuous wear, offering protection and care without requiring a power source. Made in the USA.

COMPREHENSIVE HOOF HEALTH

More than protective gear, they offer a complete solution for enhanced hoof growth, accelerated healing, pain relief and targeted support for various hoof conditions.
